## RESUME OBJECTIVE

I am 25 years old and hold a master's degree in Computing from the Faculty of Mechanical Engineering, Computing, and Electrical Engineering at the University of Mostar. My goal is to gain practical experience and progress in my profession, with the hope of starting a career in a company. I am primarily interested in Frontend development. I have basic knowledge of HTML, CSS, JavaScript, and the React framework. However, I am also willing and eager to learn and grow in any Junior position available. I am communicative and capable of working in a team.
